Comprehensive Testing for Patients with Vertigo

Associated Neurologists Physical Therapy department offers comprehensive diagnostic testing and treatment for patients with balance, vertigo, and dizziness problems.

Posturography

With our computerized posturography equipment, we can:

- Assess static and dynamic postural stability.
- Determine the level of risk for falling.

ENG

With our ENG (electronystagmography) equipment, we can:

- Evaluate patients with dizziness, vertigo, and balance dysfunction.
- Provide an objective assessment of vestibular systems.
